

## How to download your photos

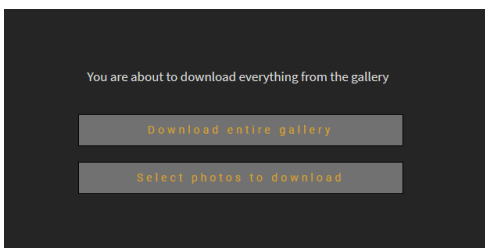

In the **Gallery**, click the **SELECT PHOTOS** button in the top right corner

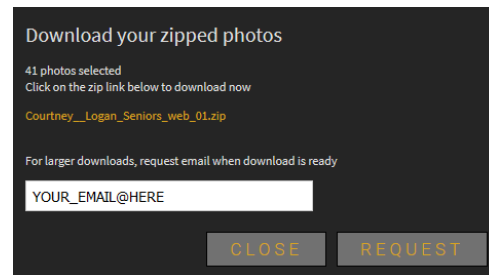

Click the **DOWNLOAD** button

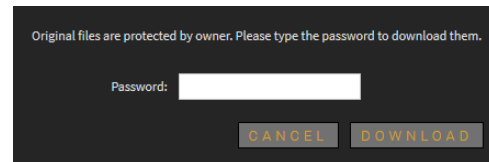

You should see options to **Download entire gallery** or **Select photos to download**

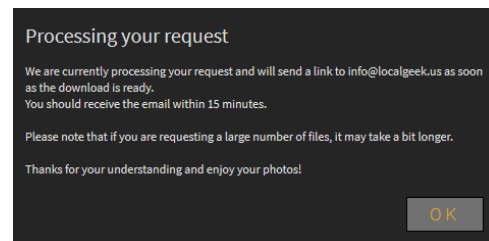

Enter your email address and click the **REQUEST** button

Enter the password (if needed) and click the **DOWNLOAD** button

You should see a confirmation message

In a little while, you'll receive an email with instructions and the link to download a .zip file of your photos when ready
