

## How to select Favorites

**Favorites** is a feature for you to share your favorite photos with me

In the **Gallery**, click the **SELECT PHOTOS** button in the top right corner

Click each thumbnail photo you'd like to add to your **Favorites** and click the **ADD TO FAVORITES** button

You may also browse each photo in the **Gallery** and click the **Favorites** icon at the top of each photo

You may view & edit your **Favorites** by clicking the name of the **Favorites** List in the top left corner

When you're done selecting your **Favorites**, send me an email and I'll copy them to your private **Gallery** for download
